

# In the fight to end diabetes, **it all matters.**

**More than 38 million Americans have diabetes.  
And nearly 3,300 more are diagnosed each day.**

That's why, at the American Diabetes Association®, we've never rested in our 85 years. And why, for American Diabetes Month®, we're looking for more people to join the fight to end diabetes.

Over the last 85 years, we:

**Welcomed over 100,000 campers to ADA Camps,**  
just one of our many programs for people living with diabetes.

**Funded over 1,000 new research projects,**  
helping advance diabetes treatments and work toward a cure.

**Helped millions to gain access** to continuous glucose monitors.

**Engaged with communities** across the U.S. to provide  
diabetes education and help people with diabetes thrive.

With your support, we can do even more.

**it all matters.**

 **American  
Diabetes  
Association®** **85**

# **American Diabetes Month®**
